

## Product Information

# SMALL ENGINE GREENKEEPERS TWO STROKE

**Codes:** *SEGNKTS0002, SEGNKTS001, SEGNKTS0025, SEGNKTS020*  
**Issue:** *January 2010*

High quality two stroke engine oil manufactured from the latest generation low ash additive system and a blend of highly refined mineral oils.

### APPLICATION

Air-cooled two-stroke engines in motor mowers, brushcutters and other agricultural and industrial equipment. May be used in chain saws, but for best results use SIN Two Stroke or Penrite Hi-PER Two Stroke Oil.

Product is to be used at the engine manufacturers recommended ratios for an oil of this specification level.

Penrite Marine Outboard Two Stroke Oil or SynMarine Synthetic Outboard Two Stroke Oil is to be used in marine outboard engines.

Penrite Hi-PER Two Stroke Oil is our recommendation for warranty service for two stroke

motorcycles and Sea Doo Jet Skis or SIN Two Stroke for competition use.

### BENEFITS

- Maximises spark plug life through low ash formulation.
- Reduces exhaust port blockages and keeps piston rings free.
- Readily mixes with unleaded and leaded petrols.
- Base oil selection offers good lubricity, providing piston pick up protection.

### SPECIFICATIONS

JASO FB

API TC

## Typical Properties

Density at 15°C, kg/L	0.880
Viscosity, Kinematic, cSt	
at 40°C	71
at 100°C	9.0
Viscosity Index	116
Sulphated Ash, mass %	0.09
Base Number	1.7
Colour	Green

### Environment, Health and Safety

Information is available by request on this product in the Penrite Material Safety Data Sheet. Information in this sheet is based on the most current information available. Minor variations to typical properties not affecting the performance of the product are to be expected in normal manufacture.
