

**TECHNICAL BULLETIN**  
**No 116 March 2007**

## ***PRO 15 PLUS UPGRADE***

**Pro 15 Plus** has now been upgraded to include ACEA specifications.

The product will be darker in colour.

Production commences in the first week of April so check labels for the latest specifications.

This upgrade also allows Pro 15 Plus to meet the minimum requirements for the Nissan Patrol 3.0L diesel engine but HPR Diesel 15 is still the preferred recommendation.

PRO 15 PLUS  
SAE 15W-50  
API SM/CF-4  
ACEA A3/B3
