

SMALL ENGINE

A RANGE OF 4 STROKE, 2 STROKE & SPECIALITY PRODUCTS
FOR LAWN MOWERS, CHAINSAWS, GENERATORS,
MOTORCYCLES & OTHER EQUIPMENT

**Professional's
Choice**

4 STROKE 10W-30

SEMI SYNTHETIC Non Friction Modified

- Provide for excellent engine cleanliness
 - Ultimate wear protection
 - Protect against rust and corrosion
- 4 Stroke 10W-30 is a semi synthetic, non-friction modified engine oil formulated with modern additives for use in small 4 stroke engines. For use in:

- | | |
|--------------|-----------------------|
| • Kubota | • Yamaha |
| • Honda | • Briggs and Stratton |
| • Greenfield | • Kohler |
| • Kawasaki | • Toro |
| • Husqvarna | • & many more |

**COLOUR:
STRAW**

KEY SPECIFICATIONS:

API SL/CF, ACEA A3/B3, JASO MA

AVAILABLE IN 1, 2.5, 5, 20 & 205 L

4 STROKE 20W-50

PREMIUM MINERAL Non Friction Modified

- Provide for excellent engine cleanliness
 - Ultimate wear protection
 - Protect against rust and corrosion
- 4 Stroke 20W-50 is a premium mineral, non-friction modified engine oil formulated with modern additives for use in small 4 stroke engines. For use in:

- | | |
|-----------------------------------------|-------------------|
| • Briggs and Stratton (selected models) | • Harley Davidson |
| • J.A.P | • Evinrude |
| • Suzuki | • Yamaha |
| • Shibaura | • & many more |
| • Toro | |

**COLOUR:
RED**

KEY SPECIFICATIONS:

API SG/CF, JASO MA

AVAILABLE IN 1, 2.5, 5 & 205 L

4 STROKE MONO 30

PREMIUM MINERAL Non Friction Modified

- Provide for excellent engine cleanliness
 - Ultimate wear protection
 - Protect against rust and corrosion
- 4 Stroke Mono 30 is a premium mineral, non-friction modified engine oil formulated with modern additives for use in small 4 stroke engines. For use in:

- | | |
|-----------------------|---------------|
| • Briggs and Stratton | • Kawasaki |
| • Ariens | • Kohler |
| • BSA | • Masport |
| • Pope | • & many more |
| • Victa | |

**COLOUR:
RED**

KEY SPECIFICATIONS:

API SG/CD, MIL-L-2104B

AVAILABLE IN 1, 2.5, 5, 20 & 205 L

GREENKEEPERS 2 STROKE

PREMIUM MINERAL General Purpose

- Maximises spark plug life through low ash formulation
 - Reduces exhaust port blockages
 - Keeps piston rings free from deposits
 - Mixes readily with petrol
 - Base oil selection offers excellent lubricity
 - Provides piston pick up protection
- High performance 2 stroke oil for general purpose usage in: Gardening equipment, chainsaws and more.

**COLOUR:
GREEN**

KEY SPECIFICATIONS: JASO FB, API TC

AVAILABLE IN 200mL, 1, 2.5, 20 & 205 L

HI-PER 2 STROKE

SEMI SYNTHETIC High Performance

- Low Smoke, Low Ash formulation
 - Extends engine life
 - Good anti-scoff properties
 - Maximises spark plug life
 - Reduces exhaust port blockages
 - Keeps piston rings free from deposits
- Premium 2 stroke engine oil for ultimate performance in all 2 stroke applications such as in: Gardening equipment, motorcycles and more.

**COLOUR:
RED**

KEY SPECIFICATIONS: API TC, JASO

FC, ISO EG-C AVAILABLE IN 200mL, 1, 2.5, 20 & 205 L

CHAIN SAW BAR OIL

PREMIUM MINERAL Easy Cut, Extra Cling

- A specially formulated tacky lubricant designed to protect the chain and bar of all types of chainsaws against wear, rust and corrosion.
- Tacky additives reduce throw or fling off
 - Lubricates chain, bar and sprocket
 - Special additive system reduces wear of components
 - Flushes chips, dust and sap from the working surfaces
 - Blades remain sharper for longer periods
 - Provides corrosion protection to chain and bar

**COLOUR:
NATURAL**

AVAILABLE IN 1, 5, 20, 205 L
